

EcoFlow RIVER Series

The EcoFlow RIVER series offers the most flexible and portable recreational power.

AC Output

300W to 600W

Capacity

210Wh to 1440Wh

◦ OUTDOOR APPLICATIONS

LITHIUM-ION BATTERY GENERATOR

NO FUEL, NO FUMES, MINIMAL NOISE

No gasoline, toxic fumes, and quiet operation. The EcoFlow Power Station is safe to use indoors.

NO LOST POWER

Power can be stored and consumed as needed, maximizing efficiency.

LOW COST

Costs 30% less than regular gasoline-powered inverter generators over its lifetime.

NO MAINTENANCE

Easy to use, keep it plugged into a wall outlet or solar panel.

◦ EMERGENCY APPLICATIONS

OUR TECHNOLOGY

X-Stream Technology

EcoFlow's patented X-Stream technology delivers one of the fastest recharging rates on the market. Using a built-in smart inverter, EcoFlow portable power stations can recharge from 0-80% in as quickly as 1 hour and to full within 2 hours.

X-Boost Technology

EcoFlow's X-Boost technology lets you power devices that have higher rated power than your portable power station. This unique technology delivers power for your essential devices in any situation. We recommend conducting a test with your devices with X-Boost turned on.

Battery Management System (BMS)

The EcoFlow Battery Management System takes innovation to the next level, extending the performance, efficiency, and shelf life of EcoFlow products. It controls and regulates voltage, current, and temperature in real time to offer the safest battery performance with intelligent algorithm.

ABOUT ECOFLOW

We started in 2017 with a multidisciplinary group of engineers who combined years of experience and expertise in the battery industry to develop new innovations in portable power solutions.

From home backup power to off-grid solutions, EcoFlow portable power stations offer people reliable, quiet, and clean power – actively transitioning the world from traditional, outdated power sources to a future of sustainable, renewable power.
